 Love God
Love Others

Major Andrew's Column

'Education, education, education' a call from a Prime Minister of the time. Education is one of the most important issues our country faces today. Education sets a foundation for life, we all went to school and it was the most significant time in our lives. Today we are celebrating Education Sunday, a day recognised by all denominations as a time to celebrate, think and prayer for all those involved in education in any way. Jesus was known as 'Teacher' a normal name for a Rabi, who would take on 12 students to teach the ways of God's word. Jesus' students were different in many ways and learnt very much on the job how Jesus acted and how they were also to act in spreading the Gospel. They lived and breathed God's word until it became 2nd nature. Today we learn how we are to be as Christians from Jesus in the Gospels and putting what we've learnt into action. As a teacher Jesus influenced the people who He met, we can be like Jesus and influence people we meet, we just have to learn from 'The Teacher'.
